SUMMARY

Information Systems and Technology student with hands-on experience in IT support, troubleshooting, cloud tools, and customer-focused technical service. Skilled in **AWS, Linux, hardware/software diagnostics, and ticket management**. Known for strong problem-solving, clear communication, and reliable execution in fast-paced technical environments.

EDUCATION

Old Dominion University B.S. Information Systems & Technology	Norfolk, VA <i>Expected May 2025</i>
---	---

PROFESSIONAL EXPERIENCE

Old Dominion University <i>IT Student Help Desk</i>	Norfolk, VA Aug 2024 – Present
---	-----------------------------------

- Installed and maintained computer lab workstations, operating systems, software updates, and security patches.
- Ensured classroom technology (projectors, AV equipment, PCs) stayed fully operational through troubleshooting and preventative checks.
- Managed and resolved IT support tickets using ServiceNow/Zendesk, documenting solutions and prioritizing urgent requests.
- Escalated complex issues to senior IT staff to ensure fast and accurate resolution for students and faculty.

Amazon Fulfillment <i>Problem Solver</i>	Springfield, VA May 2024 – Aug 2024
--	--

- Diagnosed and resolved issues across warehouse management systems (WMS), handheld scanners, and inventory devices.
- Corrected hardware/software problems impacting order accuracy and workflow efficiency.
- Ensured seamless fulfillment by identifying process blockers and restoring proper product flow.

Best Buy <i>Geek Squad Agent</i>	Springfield, VA Dec 2021 – Jan 2023
--	--

- Provided technical support for desktops, laptops, mobile devices, printers, and network equipment.
- Performed diagnostics, repairs, and software troubleshooting to resolve client issues quickly.
- Guided customers through solutions and best practices to prevent recurring technical problems.

PROJECTS

Financial Stock Analysis App (Apple)

- Developed an app that retrieves real-time and historical stock market data from Yahoo Finance.
- Built a Stock class to track symbols, prices, and performance across yearly intervals.
- Implemented logic to compute percentage changes and generate performance insights.

INVOLVEMENT

Developing Members of Color (DMOC) <i>Director of Membership</i>	2024 – Present
--	----------------

- Support peer development through mentorship, cultural programs, and leadership workshops.
- Help onboard new members and promote a welcoming community.

National Society of Black Engineers (NSBE) <i>Member</i>	2023 – Present
--	----------------
